♡ 2020 Annual Report

LETTER FROM THE CEO

The mission of the Fredericksburg Regional Food Bank is an extraordinary one even in ordinary times. It is highly rewarding to be engaged with daily operations that can provide for basic human needs and to know that your work or volunteer duties that day are ensuring that someone in need of food will be fed. It is also heart-wrenching and nerve-racking, though, to know that tens of thousands of people rely on your daily work and expect that you will “go the extra mile” for them.

This annual report touches upon 12 months that were anything but ordinary and required all associated with the Food Bank to “go the extra mile.” A fiscal year that began like many others and was trending like a typical year in the Food Bank’s recent history became transformed by the COVID-19 virus disrupting our ordinary way of doing business. That virus made health and safety concerns, new jargon (social distancing and quarantining), and new accessories (masks and gloves) a part of daily life.

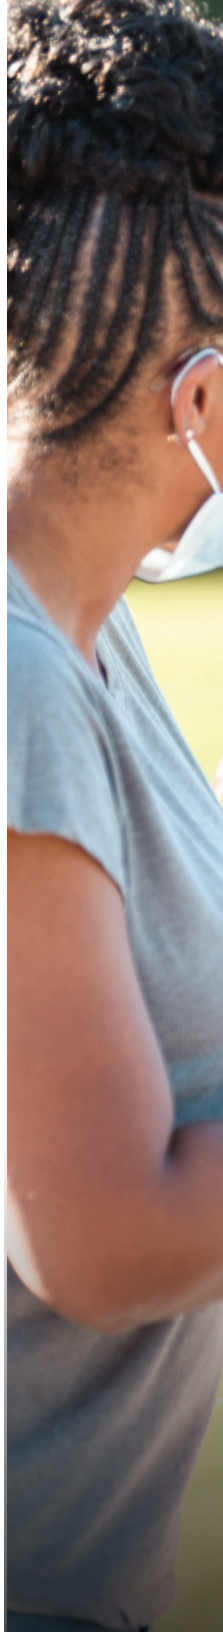

Like society as a whole, the Food Bank team proved highly adaptable and navigated the unique challenges of that public health threat with extraordinary resolve. These pages help reveal some of the secrets to our innovation and resiliency because these pages highlight the extraordinary will and generosity of our local and national communities. These pages tell you a story, but they also celebrate you because it is a story that would not have been possible without you.

On behalf of the 45,435 people who received food and other services because of your generosity and support, thank you for making an extraordinary mission even more exceptional! I hope you will be encouraged and uplifted by learning more about what you have helped the Fredericksburg Regional Food Bank achieve.

With Gratitude,

Dan Maher
President & CEO
